

***FIREFLY* TECHNOLOGY CORPORATION**

Over 11 years experience in the design and manufacture of solid-state (LED) lighting products

SUPER ENERGY EFFICIENT SOLID-STATE EGRESS / NIGHT LIGHTING

“WORLD’S FIRST!”

Installs in

**HOSPITAL & NURSING HOME PATIENT ROOM NIGHT LIGHTS - EGRESS - AUDITORIUM STEPS - HALL WAYS -
EMERGENCY STAIRS - ADDRESS MARKERS - STEPS - THEATER AISLES - WALL SCONCES - PRISON CELLS - PARKING
DECKS - SAFETY LIGHTS - BOLLARDS - PATH MARKERS - ROUGH SERVICE AREAS - LANDSCAPE LIGHTING - ETC.**

REVOLUTION IN LIGHTING

- Extremely low energy consumption, only 1.5 watts per 10 Solid-state Amber light strip
- For all your egress needs. Just install and forget! Easy installation
- Replaces approximately 133 incandescent lamp just over warranty period
- Will run for approx., 33 years on the same energy a 40 incandescent burns in one year (\$35.04 down to \$1.32*)
- White light is a custom option (5,000 deg K high noon white light) for occupied work areas I.E. night shift hospital halls
- Low cost, high performance soft safety amber lights for low or no traffic area’s I.E.: school night lights, offices, etc
- Standard 120 VAC or 277 VAC hard wire units available in amber, white light and many other colors to choose from
- 100% Maintenance free, life up to 100,000+ hours (no fragile filaments)
- Full family of 8-, 9-, 10- lamp units
- Patent pending design and technology, UL-1598 tested
- Cool light, no projected heat

INSTALLATION

- Disconnect power to circuit
- Mount unit to surface with proper screws on both of end caps in screw hole
- Terminate wires in electrical boxes to local codes
- Ceiling tile option. Cut a 1” x 4.25” in the ceiling tile and slide the light strip in to this slot with wires away from obstructions
- Connect armor cable to electrical J-box with our connector (option) to local codes

PRODUCT WARRANTY

- Quality so superior, we can offer a 30-year lifetime guarantee (8 hrs per day for 30 years)

**Input voltage =120 VAC+/- 10% LED wattage =0.72 watts Total Watts Average =1.2 (10 lamp white Light)
Dimensions: Height = 3/4” Width = .9” Width with ceil tile bracket = 1.9” Length = 4.25”**

* Based on .10 KWH x 365 day x 12 hrs x 4 units
