FEATURES

- Clean bright white light in a 12” strip that’s dimmable
- No maintenance or replacements. Just install and forget about it for a lifetime! Just that easy!
- Extremely low power consumption (Approx. 80% less than incandescent)
- Replaces approximately 40 to 133 incandescent lamps over warranty period
- Runs 4 years on the same energy a 150-watt light burns in one year (\$131.40 down to \$28.91 yearly*)
- Custom bright white light of 3,800 or 5,500 deg K and other light colors are available
- Cool light, with no projected heat
- 100% maintenance free, life of up to 100,000+ hours (NO fragile filaments)
- Almost no UV to help prevent fading of surroundings
- Full family of -5, -6, -7, -8, -9, and -10, lamp units to replace up to 150 Watt incandescent
- Shatter resistant aluminum housing
- Patent pending technology
- Optional 12 Volt DC lamps

INSTALLATION

- Slide into ceiling tile or mount by screws to surface
- Mount power supply and connect to fan and light strip
- Run wires by electrician to J-box

PRODUCT WARRANTY

- Quality so superior, we can offer a 20 year lifetime warranty (8 hrs per day for 20 years)

Input voltage = 120 VAC +/- 10% Total Watts Average = 33W (10 White LED’s) VA = 49
Dimensions: Width = 2.0” std., profile or 2.75” “H” profile Height = 2.125” Length = 12”

*Power savings based on .10 KWH x 24 hrs x 365 days
