

PRODUCT DESCRIPTION
UNIVERSAL LED EXIT SIGN

- SAVES 95% OF THE ENERGY
- 10 YEAR WARRANTY
- VERY HIGH VISIBILITY
- UNIVERSAL MOUNTING
- SINGLE OR DUAL VOLTAGE

MADE IN THE USA

FIREFLY LED EXIT SIGN

LOWEST POWER USE	At only 1.5 Watts average per sign! It uses far less energy than any standard 40 watt exit sign which gives the fastest possible payback.
HIGHEST FACE LUMINANCE	With twice the brightness of any standard LED exit sign. Firefly signs can be seen more easily in dusty environments and when its most needed.
UP TO 10 YEAR WARRANTY	10 year warranty for red and 7 years for green means no cost to maintain and the sign will be working if there is an emergency.
UNIVERSAL MOUNTING	Install in 5 minutes—includes snap fit canopy to mount end to wall or top to the ceiling and universal knockouts for mounting back to the wall.
DUAL VOLTAGE	Select either 120V or 277V with a simple two wire connection.
UNIVERSAL FACE	Includes two face plates and blank back plate for instant single or double face selection and universal knockout directional chevrons.
PROPRIETARY DESIGN	Unique, patent pending design insures long trouble free life that exceeds UL-924 performance requirements.
